

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PREFACE TO THE FIRST EDITION.

THE Illustrated Edition of Mr. Bentham's "Handbook of the British Flora" being exhausted, the wood-engravings of that work are here reproduced as an Illustrated Companion to the "Handbook" and other British Floras. The cuts are arranged according to the last Edition of the "Handbook," and new cuts of the species admitted in recent Editions are added. To facilitate reference from other Floras, where the nomenclature differs from that of the "Handbook," synonyms, in italics, are incorporated in the Index. In this volume and the "Handbook" combined, Students will have, in a more convenient and portable form, all that the Illustrated Edition contained, at little more than one-third the cost.

PREFACE TO THE SECOND EDITION.

THE exhaustion of a large Edition of this work in the course of a few years is a gratifying proof of its utility to, and appreciation by, Students of Botany, and has encouraged the Publishers, in preparing a new Edition for the press, to endeavour to render it still more useful and worthy of the patronage it has already received. In the present Edition five new cuts have been added, and the whole have been rearranged according to the New Edition (the Fifth, just published) of Bentham's "Handbook" as revised by Sir J. D. Hooker. The Index has been greatly enlarged to facilitate reference from other Floras, and a new Index of English and popular names has been added. Lastly, to meet the convenience of Students of limited means, the price of this volume, and also of the Handbook, has been reduced from 12s. to 10s. 6d., the Publishers relying upon an increased sale to compensate them for the surrender thus made. In this volume and the "Handbook" combined, therefore, Students will now have a complete Illustrated British Flora, the best, especially for beginners, for one guinea.

LONDON, *March 22nd*, 1887.

NOTE TO THE THIRD EDITION.

IN this Edition four new cuts have been added, and the whole rearranged in accordance with the newly revised Sixth Edition of the "Handbook."

PUBLISHED BY

LOVELL REEVE & CO., Limited,

PUBLISHERS TO THE HOME, COLONIAL, AND INDIAN GOVERNMENTS,
6, HENRIETTA STREET, COVENT GARDEN, W.C

LOVELL REEVE & CO.'S
Crown Series of Natural History.

For descriptive details, see Catalogue.

These handy and well-illustrated Volumes, while popular in style to suit beginners, are strictly scientific in method, and form excellent introductions to more advanced works. They are admirably adapted for school prizes and presents.

Handbook of the British Flora. By G. BENTHAM, F.R.S. Revised by Sir J. D. HOOKER, C.B., G.C.S.I., F.R.S., &c. 9s.

Illustrations of the British Flora. Drawn by W. H. FITCH, F.L.S., and W. G. SMITH, F.L.S. 1315 Wood Engravings. 7th Edition, revised and enlarged, 9s.

British Grasses. By M. PLUES. 16 Coloured Plates, and Woodcuts, 9s.

British Ferns. By M. PLUES. 16 Coloured Plates, and Woodcuts, 9s.

British Seaweeds. By S. O. GRAY. 16 Coloured Plates, 9s.

Synopsis of British Mosses. By C. P. HOBKIRK, F.L.S. Revised Edition, 6s. 6d.

British Insects. By E. F. STAVELEY. 16 Coloured Plates, and Woodcuts, 12s.

British Beetles. By E. C. RYE. 2nd Edition, revised by Rev. CANON FOWLER, M.A., F.L.S. 16 Coloured Plates, and Woodcuts, 9s.

British Butterflies and Moths. By H. T. STAINTON. 2nd Edition, 16 Coloured Plates, and Woodcuts, 9s.

British Bees. By W. E. SHUCKARD. 16 Coloured Plates, and Woodcuts, 9s.

British Spiders. By E. F. STAVELEY. 16 Coloured Plates, and Woodcuts, 9s.

British Zoophytes. By ARTHUR S. PENNINGTON, F.L.S. 24 Plates, 9s.

The Edible Mollusca of Great Britain and Ireland, with Recipes for Cooking them. By M. S. LOVELL. Second Edition. 12 Coloured Plates, 9s.

BOTANY.

The Botanical Magazine ; Figures and Descriptions of New and Rare Plants suitable for the Garden, Stove, or Greenhouse. Fourth Series. Edited by D. PRAIN, C.I.E., LL.D., F.R.S., Director of the Royal Gardens, Kew. Vols. I.—V., Royal 8vo, 42s. each. Published Monthly, with 6 Plates, 3s. 6d., coloured. Annual Subscription, 42s.

COMPLETION of the THIRD SERIES in 60 Vols., with nearly 4000 Coloured Plates, 42s. each ; to Subscribers for the entire Series, 36s. each.

Monographs from the Third Series of the Botanical Magazine, in which the plates and descriptions illustrating each Genus are brought together under one wrapper. A List may be had on application. The prices vary from 1s. to 51s.

A New and Complete Index to the Botanical Magazine. Vols. I. to CXXX. Comprising the 1st, 2nd, and 3rd Series. To which is prefixed a History of the Magazine by W. BOTTING HEMSLEY. 21s.

Catalogue of the Plants of Kumaon and of the adjacent portions of Garhwal and Tibet. By Lt.-Gen. Sir RICHARD STRACHEY and J. F. DUTHIE. 5s.

The Uses of British Plants. Traced from antiquity to the present day, together with the derivations of their names. By the Rev. Prof. G. HENSLOW, M.A., F.L.S. With 288 Illustrations. Crown 8vo, 4s. 6d.

Handbook of the British Flora ; a Description of the Flowering Plants and Ferns indigenous to, or naturalized in, the British Isles. For the use of Beginners and Amateurs. By GEORGE BENTHAM, F.R.S. Revised by Sir J. D. HOOKER, C.B., G.C.S.I., F.R.S. Crown 8vo, 9s.

Illustrations of the British Flora ; a Series of Wood Engravings, with Dissections, of British Plants, from Drawings by W. H. FITCH, F.L.S., and W. G. SMITH, F.L.S., forming an Illustrated Companion to BENTHAM's "Handbook," and other British Floras. 7th Edition, revised and enlarged. 1315 Wood Engravings, 9s.

Outlines of Elementary Botany, as Introductory to Local Floras. By **GEORGE BENTHAM**, F.R.S., F.L.S. New Edition, 1s.

The Narcissus, its History and Culture, with Coloured Figures of all known Species and Principal Varieties. By **F. W. BURBIDGE**, and a Review of the Classification by **J. G. BAKER**, F.L.S. Super-royal 8vo, 48 Coloured Plates, 30s.

The Natural History of Plants. By **H. BAILLON**, President of the Linnean Society of Paris, Professor of Medical Natural History and Director of the Botanical Garden of the Faculty of Medicine of Paris. Super-royal 8vo. Vols. I. to VIII., with 3545 Wood Engravings, 21s. each.

The Floral Magazine; New Series, Enlarged to Royal 4to. Figures and Descriptions of the choicest New Flowers for the Garden, Stove, or Conservatory. Complete in Ten Vols., in handsome cloth, gilt edges, 36s. each.

FIRST SERIES complete in Ten Vols., with 560 beautifully-coloured Plates, £15 15s.

The Young Collector's Handybook of Botany. By the Rev. **H. P. DUNSTER**, M.A. 66 Woodcuts, 3s.

Materials for a Flora of the Malayan Peninsula. By **H. N. RIDLEY**, M.A., F.R.S., Director of Botanic Gardens, Singapore. Complete in Three Parts, 30s.

British Wild Flowers, Familiarly Described in the Four Seasons. By **THOMAS MOORE**, F.L.S. 24 Coloured Plates. 14s.

Flora Vitiensis; a Description of the Plants of the Viti or Fiji Islands, with an Account of their History, Uses, and Properties. By **Dr. BERTHOLD SEEMANN**, F.L.S. Royal 4to, Coloured Plates. Part X., 25s.

Flora Hongkongensis; a Description of the Flowering Plants and Ferns of the Island of Hongkong. By **GEORGE BENTHAM**, F.R.S. With a Supplement by **Dr. HANCE**. 21s. Published under the authority of the Secretary of State for the Colonies. The Supplement separately, 2s. 6d.

Flora of Mauritius and the Seychelles ; a Description of the Flowering Plants and Ferns of those Islands. By J. G. BAKER, F.L.S. 24s. Published under the authority of the Colonial Government of Mauritius.

Flora of British India. By Sir J. D. HOOKER, G.C.S.I., C.B., F.R.S., &c. ; assisted by various Botanists. Complete in Seven Vols., cloth, £12. Published under the authority of the Secretary of State for India in Council.

Flora of Tropical Africa. By DANIEL OLIVER, F.R.S., F.L.S. Vols. I. to III., 20s. each. Continuation. Edited by Sir W. T. THISELTON-DYER, F.R.S., F.L.S. Vol. IV., Section 1, 30s. Section 2, 27s. Vol. V., 25s. 6d. Vol. VI., Section 1, Part 1, 8s. Vol. VII., 27s. 6d. Vol. VIII., 25s. 6d. Published under the authority of the Secretary of State for the Colonies.

Handbook of the New Zealand Flora ; a Systematic Description of the Native Plants of New Zealand, and the Chatham, Kermadec's, Lord Auckland's, Campbell's, and Macquarrie's Islands. By Sir J. D. HOOKER, G.C.S.I., F.R.S. 42s. Published under the auspices of the Government of that Colony.

Flora Australiensis ; a Description of the Plants of the Australian Territory. By GEORGE BENTHAM, F.R.S., assisted by FERDINAND MUELLER, F.R.S., Government Botanist, Melbourne, Victoria. Complete in Seven Vols., £7 4s. Published under the auspices of the several Governments of Australia.

Flora of the British West Indian Islands. By Dr. GRISEBACH, F.L.S. 42s. Published under the auspices of the Secretary of State for the Colonies.

Flora Capensis ; a Systematic Description of the Plants of the Cape Colony, Caffraria, and Port Natal. By W. H. HAEVEY, M.D., F.R.S., and O. W. SONDER, Ph.D. Vols. I. to III., 20s. each. Continuation. Edited by Sir W. T. THISELTON-DYER, C.M.G., C.I.E., LL.D., F.R.S. Vol. IV., Section 1, 52s. Section 2, 24s. Vol. V., Part I., 9s. Vol. VI., 24s. Vol. VII., 33s.

Genera Plantarum, ad Exemplaria imprimis in
Herbariis Kewensibus servata definita. By **GEORGE BENTHAM**,
F.R.S., F.L.S., and **Sir J. D. HOOKER**, F.R.S., late Director of the
Royal Gardens, Kew. Complete in 7 Parts, forming 3 Vols., £8 2s.

Flora of West Yorkshire; with an Account of the
Climatology and Lithology in connection therewith. By **FREDERIC**
ARNOLD LEES, M.R.C.S. Eng., L.R.C.P. Lond., Recorder for the
Botanical Record Club, and President of the Botanical Section of
the Yorkshire Naturalists' Union. With Coloured Map, 21s.

Flora of Hampshire, including the Isle of Wight,
with localities of the less common species. By **F. TOWNSEND**,
M.A., F.L.S. 2nd Edition, greatly enlarged and improved.
With large Coloured Map and two Plates, demy 8vo, 21s.

British Grasses; an Introduction to the Study
of the Gramineæ of Great Britain and Ireland. By **M.**
PLUES. Crown 8vo, with 16 Coloured Plates and 100 Wood
Engravings, 9s.

Insular Floras. A Lecture delivered by Sir J. D.
HOOKER, C.B., before the British Association for the advance-
ment of Science, at Nottingham, August 27, 1866. 2s. 6d.

Icones Plantarum. Figures, with Brief Descrip-
tive Characters and Remarks, of New and Rare Plants, selected
from the Author's Herbarium. By **Sir W. J. HOOKER**, F.R.S.
New Series, Vol. V. 100 Plates, 31s. 6d.

Botanical Names for English Readers. By RANDAL
H. ALCOCK. 8vo, 6s.

A Second Century of Orchidaceous Plants, selected
from the Subjects published in Curtis's "Botanical Magazine"
since the issue of the "First Century." Edited by **JAMES BATE-**
MAN, Esq., F.R.S. Complete in One Vol., Royal 4to, 100 Coloured
Plates, £5 5s.

*Dedicated by Special Permission to H.R.H. the Princess of Wales,
now H.M. Queen Alexandra.*

**Monograph of *Odontoglossum*, a Genus of the
Vandeous Section of Orchidaceous Plants.** By JAMES BATEMAN,
Esq., F.R.S. Imperial folio, in One Vol., with 30 Coloured Plates,
and Wood Engravings, cloth, £6 16s. 6d.

**The *Rhododendrons* of Sikkim-Himalaya; being
an Account, Botanical and Geographical, of the *Rhododendrons*
recently discovered in the Mountains of Eastern Himalaya by
Sir J. D. Hooker, F.R.S. By Sir W. J. HOOKER, F.R.S. Folio,
30 Coloured Plates, £4 14s. 6d.**

**The *Potamogetons* of the British Isles; De-
scriptions of all the Species, Varieties, and Hybrids. By
ALFRED FRYER, A.L.S., Illustrated by ROBERT MORGAN, F.L.S.
Royal 4to. Sections 1, 2 and 3, containing parts 1-3, 4-6, 7-9,
each with 12 Plates, 21s. coloured; 15s. uncoloured.**

FERNS.

**British Ferns; an Introduction to the Study of
the FERNS, LYCOPODS, and EQUISETA indigenous to the British
Isles. With Chapters on the Structure, Propagation, Cultivation,
Diseases, Uses, Preservation, and Distribution of Ferns. By
M. PLUES. Crown 8vo, with 16 Coloured Plates, and 55 Wood
Engravings, 9s.**

**The British Ferns; Coloured Figures and Descrip-
tions, with Analysis of the Fructification and Venation of the
Ferns of Great Britain and Ireland. By Sir W. J. HOOKER,
F.R.S. Royal 8vo, 66 Coloured Plates, 36s.**

**Garden Ferns; Coloured Figures and Descriptions,
with Analysis of the Fructification and Venation of a Selection of
Exotic Ferns, adapted for Cultivation in the Garden, Hothouse,
and Conservatory. By Sir W. J. HOOKER, F.R.S. Royal 8vo,
64 Coloured Plates, 36s.**

**Filices Exoticæ; Coloured Figures and Description
of Exotic Ferns. By Sir W. J. HOOKER, F.R.S. Royal 4to,
100 Coloured Plates, £6 11s.**

**Ferny Combes; a Ramble after Ferns in the Glens
and Valleys of Devonshire. By CHARLOTTE CHANTER. Third
Edition. Fcap. 8vo, 8 Coloured Plates and a Map of the
County, 3s. 6d.**

MOSES AND HEPATICÆ.

Synopsis of British Mosses, containing Descriptions of all the Genera and Species (with localities of the rarer ones) found in Great Britain and Ireland. By CHARLES P. HOBKIRK, F.L.S., &c., &c. New Edition, entirely revised. Crown 8vo, 6s. 6d.

Handbook of British Mosses, containing all that are known to be natives of the British Isles. By the Rev. M. J. BERKELEY, M.A., F.L.S. Second Edition. 24 Coloured Plates, 21s.

The Hepaticæ of the British Isles; being Figures and Descriptions of all known British Species. By WILLIAM HENRY PEARSON. New and cheaper issue. Complete in 2 Vols., with 228 Plates, plain, £4 10s.; coloured, £6 6s.

FUNGI.

British Fungi, Phycomycetes and Ustilagineæ. By GEORGE MASSEE (Lecturer on Botany to the London Society for the Extension of University Teaching). Crown 8vo, with 8 Plates, 6s. 6d.

Outlines of British Fungology. By the Rev. M. J. BERKELEY, M.A., F.L.S. With a Supplement of nearly 400 pages by WORTHINGTON G. SMITH, F.L.S., bringing the work down to the present state of Science. Two vols., 24 Coloured Plates, 36s. The SUPPLEMENT separately, 12s.

The Esculent Funguses of England. Containing an Account of their Classical History, Uses, Characters, Development, Structure, Nutritious Properties, Modes of Cooking and Preserving, &c. By C. D. BADHAM, M.D. Second Edition. Edited by F. CURREY, F.R.S. 12 Coloured Plates, 12s.

ALGÆ.

British Seaweeds ; an Introduction to the Study of the Marine ALGÆ of Great Britain, Ireland, and the Channel Islands.

By S. O. GRAY. Crown 8vo, with 16 Coloured Plates, 9s.

Phycologia Britannica ; or, History of British

Seaweeds. Containing Coloured Figures, Generic and Specific Characters, Synonyms and Descriptions of all the Species of Algæ inhabiting the Shores of the British Islands. By Dr. W. H. HARVEY, F.R.S. New Edition. Royal 8vo, 4 vols. 360 Coloured Plates, £6 6s.

Phycologia Australica ; a History of Australian

Seaweeds, comprising Coloured Figures and Descriptions of the more characteristic Marine Algæ of New South Wales, Victoria, Tasmania, South Australia, and Western Australia, and a Synopsis of all known Australian Algæ. By Dr. W. H. HARVEY, F.R.S. Royal 8vo, Five Vols., 300 Coloured Plates, £6 10s.

SHELLS AND MOLLUSKS.

Elements of Conchology ; an Introduction to

the Natural History of Shells, and of the Animals which form them. By LOVELL REEVE, F.L.S. Royal 8vo, Two Vols., 62 Coloured Plates, £2 16s.

Conchologia Iconica ; or, Figures and Descriptions

of the Shells of Mollusks, with remarks on their Affinities, Synonymy, and Geographical Distribution. By LOVELL REEVE, F.L.S., and G. B. SOWERBY, F.L.S. Complete in Twenty Vols., 4to, with 2727 Coloured Plates, half-calf, £178.

A detailed list of Monographs and Volumes may be had.

The Edible Mollusca of Great Britain and Ireland,

with the Modes of Cooking them. By M. S. LOVELL. With 12 Coloured Plates. New Edition, rewritten and much enlarged, 9s.

Testacea Atlantica ; or, the Land and Freshwater

Shells of the Azores, Madeiras, Salvages, Canaries, Cape Verdes, and Saint Helena. By T. VERNON WOLLASTON, M.A., F.L.S. Demy 8vo, 21s.

ENTOMOLOGY.

A Monograph of the Genus *Teracolus*. By E. M. BOWDLER SHARPE. Parts 1 to 11, 4to, each with 4 Coloured Plates, 7s. 6d.

A Monograph of the Membracidæ. By GEORGE BOWDLER BUCKTON, F.R.S., F.L.S. To which is added a Paper entitled "Suggestions as to the Meaning of the Shapes and Colours of the Membracidæ in the Struggle for Existence," by EDWARD B. POULTON, D.Sc., M.A., Hon. LL.D. (Princeton), F.R.S., &c., Hope Professor of Zoology in the University of Oxford. Complete in One Vol. 4to, with 2 Structural and 60 Coloured Plates, cloth, gilt tops, £6 15s.

Monograph of the British Cicadæ or Tettigidæ. By GEORGE BOWDLER BUCKTON, F.R.S., F.L.S., F.C.S., F.E.S., &c. Two Vols. 8vo, 82 Coloured Plates, 42s.

The Natural History of *Eristalis Tenax*, or the Drone-Fly. By GEORGE BOWDLER BUCKTON, F.R.S., F.L.S., &c. 9 Plates, some Coloured, 8s.

The Hymenoptera Aculeata of the British Isles. By EDWARD SAUNDERS, F.L.S. Complete in One Vol., with 3 Structural Plates, 16s. Large Paper Edition, with 51 Coloured Plates, 68s.

The Hemiptera Heteroptera of the British Islands. By EDWARD SAUNDERS, F.L.S. Complete in One Vol., with a Structural Plate, 14s. Large Paper Illustrated Edition, with 31 Coloured Plates, 48s.

The Hemiptera Homoptera of the British Islands. A Descriptive Account of the Families, Genera, and Species indigenous to Great Britain and Ireland, with Notes as to Localities, Habitats, &c. By JAMES EDWARDS, F.E.S. Complete in One Vol., with 2 Structural Plates, 12s. Large Paper, with 28 Coloured Plates, 43s.

Dedicated, by Special Permission, to Her late Majesty Queen Victoria, Empress of India.

Lepidoptera Indica. By F. MOORE. The Continuation by Col. C. SWINHOE. 4to. Vol. I., with 94, and Vols. II. to V., with 96, Coloured Plates; Vol. VI., with 84 Coloured Plates; each £9 5s., cloth. Parts 73—81, 15s. each.

The Lepidoptera of Ceylon. By F. MOORE, F.L.S. Three Vols., Medium 4to, 215 Coloured Plates, cloth, gilt tops, £21 12s. Published under the auspices of the Government of Ceylon.

The Lepidoptera of the British Islands. By CHARLES G. BARRETT, F.E.S. Complete in 11 vols, £6 12s. Large Paper Edition, with 504 Coloured Plates, £33 15s. Alphabetical List of Species contained in the work, 1s. 6d. Large Paper Edition, 2s.

Labelling List of the British Macro-Lepidoptera, as arranged in "Lepidoptera of the British Islands." By CHARLES G. BARRETT, F.E.S. 1s. 6d.

The Larvæ of the British Lepidoptera, and their Food Plants. By OWEN S. WILSON. With Life-sized Figures drawn and coloured from Nature, by ELEANORA WILSON. Super-royal 8vo, with 40 Coloured Plates. 63s.

The Coleoptera of the British Islands. A Descriptive Account of the Families, Genera, and Species indigenous to Great Britain and Ireland, with Notes as to Localities, Habitats, &c. By the Rev. CANON FOWLER, M.A., F.L.S. With two Structural Plates and Wood Engravings, complete in 5 Vols., £4. Large Paper Illustrated Edition, with 180 Coloured Plates, containing 2300 figures, £14.

A Catalogue of the British Coleoptera. By D. SHARPE, M.A., F.R.S., and W. W. FOWLER, M.A. 1s. 6d.

The Butterflies of Europe; Illustrated and Described. By HENRY CHARLES LANG, M.D., F.L.S. Complete in Two Vols., super-royal 8vo, with 82 Coloured Plates, containing upwards of 900 Figures, cloth, £3 18s.

*. THE SYSTEMATIC LIST OF EUROPEAN BUTTERFLIES from the above work separately, price 1s.; or printed on one side of the paper only for Labels, 1s. 6d.

British Insects. A Familiar Description of the Form, Structure, Habits, and Transformations of Insects. By E. F. STAVELEY, Author of "British Spiders." Crown 8vo, with 16 Coloured Plates and numerous Wood Engravings, 12s.

British Beetles ; an Introduction to the Study of our indigenous COLEOPTERA. By E. C. RYE. 2nd Edition, revised by Rev. CANON FOWLER. Crown 8vo, 16 Coloured Steel Plates, and 11 Wood Engravings, 9s.

British Bees ; an Introduction to the Study of the Natural History and Economy of the Bees indigenous to the British Isles. By W. E. SHUCKARD. Crown 8vo, 16 Coloured Plates, and Woodcuts of Dissections, 9s.

British Butterflies and Moths ; an Introduction to the Study of our Native LEPIDOPTERA. By H. T. STANTON. 2nd Edition. Crown 8vo, 16 Coloured Plates, and Wood Engravings, 9s.

British Spiders ; an Introduction to the Study of the ARANEIDÆ found in Great Britain and Ireland. By E. F. STAVELEY. Crown 8vo, 16 Coloured Plates, and 44 Wood Engravings, 9s.

Curtis's British Entomology. Illustrations and Descriptions of the Genera of Insects found in Great Britain and Ireland, containing Coloured Figures, from Nature, of the most rare and beautiful Species, and in many instances, upon the plants on which they are found. Eight Vols., Royal 8vo, 770 Coloured Plates, £24.

Or in Separate Monographs.

"Curtis's Entomology," which Cuvier pronounced to have "reached the ultimatum of perfection," is still the standard work on the Genera of British Insects. The Figures executed by the author himself, with wonderful minuteness and accuracy, have never been surpassed, even if equalled. The price at which the work was originally published was £43 16s.

Harvesting Ants and Trap-door Spiders ; Notes and Observations on their Habits and Dwellings. By J. T. MOGGRIDGE, F.L.S. Illustrated. With SUPPLEMENT, 17s. The Supplement separately, cloth, 7s. 6d.

Insecta Britannica ; Diptera. Vol. III. By FRANCIS WALKER, F.L.S. 8vo, with 10 Plates, 25s.

The Structure and Life History of the Cockroach (*Periplaneta Orientalis*). An Introduction to the Study of Insects. By L. C. MIALI, Professor of Biology in the Yorkshire College, Leeds, and ALFRED DENNY, Lecturer on Biology in the Firth College, Sheffield. Demy 8vo, 125 Woodcuts, 7s. 6d.

ZOOLOGY.

Foreign Finches in Captivity. By ARTHUR G. BUTLER, Ph.D., F.L.S., F.Z.S. Complete in One Vol. Royal 4to, with 60 Coloured Plates, cloth, gilt tops, £4 14s. 6d.

The Physiology of the Invertebrata. By A. B. GRIFFITHS, Ph.D., F.R.S.E. Demy 8vo, 81 cuts, 15s.

British Zoophytes ; an Introduction to the Hydrozoa, Actinozoa, and Polyzoa found in Great Britain, Ireland, and the Channel Islands. By ARTHUR S. PENNINGTON, F.L.S. Crown 8vo, 24 Plates, 9s.

Handbook of the Vertebrate Fauna of Yorkshire ; being a Catalogue of British Mammals, Birds, Reptiles, Amphibians, and Fishes, found in the County. By WILLIAM EAGLE CLARKE and WILLIAM DENISON ROEBUCK. 8vo, 8s. 6d.

Handbook of the Freshwater Fishes of India ; giving the Characteristic Peculiarities of all the Species known, and intended as a guide to Students and District Officers. By Capt. R. BEAVAN, F.R.G.S. Demy 8vo, 12 Plates, 10s. 6d.

The Zoology of the Voyage of H.M.S. *Samarang*, under the command of Captain Sir Edward Belcher, C.B., during the Years 1843-46. By Professor OWEN, Dr. J. E. GRAY, Sir J. RICHARDSON, A. ADAMS, L. REEVE, and A. WHITE. Edited by ARTHUR ADAMS, F.L.S. Royal 4to, 55 Plates, mostly coloured, £3 10s.

ANTIQUARIAN.

A Manual of British Archæology. By CHARLES BOUTELL, M.A. Second Edition. 20 Coloured Plates, 4s.

Sacred Archæology; a Popular Dictionary of Ecclesiastical Art and Institutions from Primitive to Modern Times. By MACKENZIE E. C. WALCOTT, B.D. Oxon., F.S.A., Precentor and Prebendary of Chichester Cathedral. 8vo, 15s.

MISCELLANEOUS.

Corals and Atolls; their History, Description, Theories of their Origin both before and since that of Darwin, the Influence of Winds, Tides, and Ocean Currents in their Formation and Transformations, their present Condition, Products, Fauna, and Flora. By F. WOOD-JONES, B.Sc., F.Z.S. Numerous Illustrations, Plates, and Maps. 24s.

Respiratory Proteids. Researches in Biological Chemistry. By A. B. GRIFFITHS, Ph.D., F.R.S.E. 6s.

Collections and Recollections of Natural History and Sport in the Life of a Country Vicar. By the Rev. G. C. GREEN. With Woodcuts from Sketches by the Author. 6s.

West Yorkshire; an Account of its Geology, Physical Geography, Climatology, and Botany. By J. W. DAVIS, F.L.S., and F. ARNOLD LEES, F.L.S. Second Edition, 8vo, 21 Plates, many Coloured, and 2 large Maps, 21s.

Natal; a History and Description of the Colony, including its Natural Features, Productions, Industrial Condition and Prospects. By HENRY BROOKS, for many years a resident. Edited by Dr. R. J. MANN, F.R.A.S., F.R.G.S., late Superintendent of Education in the Colony. Demy 8vo, with Maps, Coloured Plates, and Photographic Views, 18s.

St. Helena. A Physical, Historical, and Topographical Description of the Island, including its Geology, Fauna, Flora, and Meteorology. By J. C. MELLISS, A.I.C.E., F.G.S., F.L.S. In one large Vol., super-royal 8vo, with 56 Plates and Maps, many coloured, 21s.

The Geologist. A Magazine of Geology, Palæontology, and Mineralogy. Edited by S. J. MACKIE, F.G.S., F.S.A. Vols. V. and VI., each with numerous Wood Engravings, 15s. Vol. VII., 7s. 6d.

The Artificial Production of Fish. By PISCARIUS. Third Edition. 1s.

Everybody's Weather-Guide. The use of Meteorological Instruments clearly explained, with directions for securing at any time a probable Prognostic of the Weather. By A. STEINMETZ, Esq., Author of "Sunshine and Showers," &c. 1s.

Meteors, Aerolites, and Falling Stars. By Dr. T. L. PHIPSON, F.C.S. Crown 8vo, 25 Woodcuts and Lithographic Frontispiece, 6s.

The Young Collector's Handy Book of Recreative Science. By the Rev. H. P. DUNSTON, M.A. Cuts, 3s.

The Royal Academy Album; a Series of Photographs from Works of Art in the Exhibition of the Royal Academy of Arts, 1875. Atlas 4to, with 32 fine Photographs, cloth, gilt edges, £6 6s.; half-morocco, £7 7s.

The same for 1876, with 48 beautiful Photo-prints, cloth, £6 6s.; half-morocco, £7 7s. Small Edit. Royal 4to, cloth, gilt edges, 63s.

Manual of Chemical Analysis, Qualitative and Quantitative; for the use of Students. By Dr. HENRY M. NOAD, F.R.S. New Edition. Crown 8vo, 109 Wood Engravings, 16s. Or, separately, Part I., "QUALITATIVE," New Edition, new Notation, 6s.; Part II., "QUANTITATIVE," 10s. 6d.

SERIALS.

The Botanical Magazine. Figures and Descriptions of New and Rare Plants. By D. PRAIN, C.I.E., LL.D., F.R.S. Monthly, with 6 Coloured Plates, 3s. 6d. Annual subscription, post free, 42s. in advance.

Re-issue of the Third Series, in Monthly Vols., 42s. each; to Subscribers for the entire Series, 36s. each.

Lepidoptera Indica. By Col. C. SWINHOE. In Parts, with Coloured Plates, 15s. each.

THE VICTORIA LIBRARY.

A New Series of Standard and Popular Works,
